Each 8x5 space includes up to 1 8x2.5 table; other spaces include 2 tables (with the exception of the northwest corner space which has a built-in counter). Additional tables, display stands, etc. may be brought in, but must fit within the confines of your space.

These are table-only spaces. There is space for the vendor to sit behind & get out from the table. All displays must be contained on the provided table. For more flexibility, choose an 8x5 space.
